QBSA Lic. No. 056714 ABN 77 058 138 293

Patio World is a locally based business serving the North Queensland and Northern Territory regions. The business is proudly owned and operated by the Benck family, who have been associated with the building industry in Australia for the past 45 years and specifically involved in the home improvement business for the last 15 years.

Patio World's focus is on meeting the design, management and construction needs of each individual customer to enhance their personal living environment or work premises. Our emphasis is on maximising the use of outdoor living areas including patios, decks and unique enclosures that will allow you to take advantage of the climate that is unique to these areas. Our designs take into account the special requirements of building in a cyclone region and our successful track record in this area speaks for itself with over 6,800 projects successfully constructed over the last 15 years.

Today, in a competitive world, we refuse to compromise on our standards to ensure that we are successful in meeting the needs of our customers.
