# A NEW LIFESTYLE CHOICE FOR YOUR HOME

## THE CHOICE IS CLEAR

Patio World's Tropical Room allows you to enclose any open space at your home and turn it into an all weather tropical oasis.

Revolutionary new design and manufacturing processes give the Tropical Room even greater flexibility to add lifestyle and value to you home.

Aluminium framework provides strength and matched with the latest memory film you can create the ultimate lifestyle space. When you choose Patio World's Tropical Room, you are dealing direct with the manufacturer. Every room is made to measure and expertly crafted in our local factory. Invite the outdoors in, while maintaining complete control over the elements. Welcome to your new Tropical Room.

Patio World's Tropical Room uses the latest memory film. This allows for almost uninterrupted views of your surroundings. This incredibly strong film will also automatically bounce back into shape when stretched. Truly designed and built tough for our Australian conditions.

## IT'S A BREEZE

With the flexibility of our sliding track system you can allow a huge amount of air flow in your Tropical Room. Panels can be set in any desired position – all up, all down, some raised up or lowered. Total control of the elements. Looking to keep uninvited guests out? Your Tropical Room can be fully screened. Keep the bugs out while still letting the breeze through.
