**Stylish spaces, clever  
designs, easy living.**  
All on your own  
doorstep.

**Change your  
lifestyle**  
without changing  
your address.

When you invest in an Apollo Patios® outdoor home addition you are investing in a better lifestyle while adding value to your greatest asset... your home.

So now there is no need to move, with Apollo Patios® we can change your lifestyle without changing your address.

**APOLLO PATIOS® DESIGN**

*To suit your lifestyle*

Our professional consultants will design your outdoor home addition to suit your individual lifestyle requirements utilising the Apollo Patios® Design Training Program.

**APOLLO PATIOS® PLANNING**

*We do everything so you don't have to*

Our draftspeople will complete the necessary plans and approval applications and submit to council on your behalf.

**APOLLO PATIOS® ENGINEERING**

*Built to last*

All Apollo Patios® outdoor home additions are engineered to suit the most complex designs from flat roof to gable, build over roof or breezeway patio systems and are built to suit Australian wind conditions from region 'A N1' to severe cyclonic region 'D C4'.

**APOLLO PATIOS® PRODUCT**

*We've got you covered*

All components for your outdoor home addition are designed and engineered to give you an aesthetically superior finish and will be delivered on site in an Apollo Patios® materials kit ready for construction.

**APOLLO PATIOS® ROOF SHEETING**

*No unsightly rafters or battens*

Apollo Patios® offers 2 choices of roof sheeting, the Apollo Unilink 2000® broadspan roof profile and Unilink 2000 Mark II® roll formed roof sheeting. Both forms of roof sheeting are manufactured from high quality Australian steel.

The Unilink 2000 MK II® roof sheeting is thicker than industry standards constructed from G550 HI Tensile .48 gauge steel and that means roof spans of up to 4.7 metres are possible with no unsightly rafters or battens.

**APOLLO PATIOS® PAINT COAT FINISH**

*Keeping you cool and carefree*

The Apollo Unilink 2000® and Unilink 2000 Mark II® roof sheeting is coated with the exclusive Apollo Durasheen® paint coat finish. The top side is finished with a 55% gloss coating to reflect the solar rays and provide superior light reflection while minimising heat transfer and the underside has an 80% high gloss finish that reflects more light into your home.

The Apollo Durasheen® paint coat finish on the underside is also resistant to mould growth and that means easy maintenance for you.

**APOLLO PATIOS® WARRANTY**

*Your peace of mind*

The Apollo Durasheen® paint coat finish comes with a 15 year manufacturers backed warranty ensuring your Apollo Patios® outdoor home addition will stand the test of time.

All Apollo Patios® outdoor home additions are also covered by a 6 year 6 month structural warranty.

**APOLLO PATIOS® FINANCE®**

*Build a better lifestyle sooner*

Why wait? Apollo Patios® has easy finance options available that can help you get your outdoor home addition sooner. In most instances the approval process is very fast so there are no lengthy delays.

Talk to your design consultant about a plan that will best suit your individual requirements.

**APOLLO PATIOS® COLOUR RANGE\*\***

*Adding colours to suit your home*

Apollo Patios® has a range of colours that will fit perfectly with your homes existing colour scheme. All colours in the Apollo Patios® range have also been specifically chosen to suit the climate we live in.

Apollo Unilink 2000®

Apollo Unilink 2000 Mark II®  
(Not suitable for cyclonic regions)

\*\*Not all colours are available in every state. Contact your individual state for colour range.

## Skillion

A Skillion Patio from Apollo allows you to create an architecturally inspired outdoor home addition that can be finished in a choice of styles and designs to fit perfectly within the existing design features of your home.

With a Skillion Patio you can have roof spans of up to 4.7 metres with wind ratings up to Cyclonic (N5 & C3).

Turn your unused outdoor space into an entertainers' delight with a Skillion Patio outdoor home addition.

## Gable

Create a stunning feature at your place with an Apollo Gable outdoor home addition.

Ideal for verandahs, feature patio areas and outdoor entertaining areas an Apollo Gable outdoor home addition provides more light, more breeze and more height and that means more enjoyment for you.

Apollo uses a unique king post system that does away with unsightly beams making cleaner lines for custom designing.

Apollo's unique beam sizes provide greater span options using fewer posts. This creates more open spaces for patios and carport structures.

## Build Over Roof

A Build Over Roof from Apollo Patios provides more livable outdoor space with additional height, more light and greater airflow and that means more comfort for you.

Create a functional outdoor area with a touch of style and individuality by adding an architecturally inspired masterpiece to your home.

You'll be amazed at the difference adding a Build Over Roof to your home will make to you and your families' lifestyle.

## Free Standing

Just imagine creating your own private getaway in your own backyard with a freestanding outdoor home addition.

Ideal for entertaining around a pool, creating another outdoor living space or a private sanctuary to escape and relax.

You can choose from a gable design to capture more light, more breeze and more height or go for the skillion option to add a little architectural flair to your freestanding outdoor addition.
